Mr. Paul Morgan
The Herald-Argus
Catonsville 28, Maryland

Dear Mr. Morgan:

I should like to take this opportunity to thank you and your newspapers for the fine coverage you have given to the Catonsville Community College program. Your editor, Miss O'Dea, has been most cooperative in every respect.

I am somewhat concerned, however, over your editorial attitude concerning the recent request to purchase the Knapp Estate as a future site for the College. In this connection I should like the opportunity to discuss with you some of the salient features of the Catonsville Community College program and what it can and should mean to Catonsville and to Baltimore County.

May I suggest that we set up a date with sufficient time to explore the problem? Perhaps a luncheon followed by a visit to the present physical plant - the Catonsville Senior High School - and perhaps a visit to the proposed site.

If you would care to telephone me on this matter, my number is Ridgeway 7-3220. I can be reached most any day, particularly in the afternoon.

Respectfully yours,

Oliver H. Laine
Dean
